Hey there! I'm Nanda Kumar

From Arsikere, Hassan-Dist Currently residing Bangalore, an alumnus of Adichunchanagiri Institute of Technology with a degree in Electrical and Electronics Engineering(EEE), having graduated in the year 2022. Currently, I am employed as a Software Engineer at ******, Where I am specializied in JAVA FULL STACK DEVELOPMENT. My professional interests lie in coding, And I find great enthusiasm in staying updated with the latest A.I technological developments. I'm eager to connect with individuals who share similar passions and to explore the ever-evolving realm of latest technology.

ABOUT ME

MORE INFORMATION ABOUT ME

I have recently started my job career with ******* as an Associate Software Engineer. First and Foremost, Apart from this I'm a passionate athlete with a deep love for sports. I'm proud to say that I'm a state-level player in discus throw, a sport that has challenged me both physically and mentally. I enjoy playing cricket for my local club, the Hassan Cricket Club. Cricket is another sport that has been a part of my life since childhood,My cricketing idol is Suresh Raina, a former Indian cricketer I'm always looking for new challenges and opportunities to grow as an person. I'm also a firm believer in the power of sports to bring people together and promote positive change in the world. I hope that one day I can use my skills and experiences to inspire others to reach their full potential."
